Summary

I am a passionate Full-Stack Developer who enjoys building real-world web applications. I have hands-on experience working with React.js, LoopBack 4, MySQL, and the MERN stack (MongoDB, Express.js, React.js, Node.js). I like creating user-friendly interfaces, developing APIs, and integrating features like authentication and payments. I focus on writing clean, scalable code and continuously improving my skills by working on practical projects.

Education

D.Y. Patil Agriculture & Technical University **Expected 2026**
B.Tech in Computer Science and Engineering (CGPA: 7.1)

Rajarshi Chh. Shahu College, Kadamwadi Road, Kolhapur **2022**
HSC (PCMB) - 54%

Skills

Frontend: HTML, CSS, JavaScript, React.js, Bootstrap 5.3, Tailwind CSS, Ant Design
Backend: LoopBack 4, Node.js, Express.js
Database: MySQL, MongoDB
Tools: Git, GitHub, Postman, VS Code, cPanel
Other: API Integration, Payment Gateway, Authentication, Deployment

Experience

Full-Stack Developer Intern **Aug 2025 – Present**
Comtrance Technology

- Working as a Full-Stack Developer Intern, building real-world, production-level web applications.
- Designing and developing responsive user interfaces using React.js for seamless cross-device experience.
- Building and integrating RESTful APIs using LoopBack 4 and managing relational databases with MySQL.
- Implementing features such as authentication, admin dashboards, booking systems, and payment integration.
- Actively involved in debugging, performance optimization, and deployment on live servers.

Projects

Z Villas – Villa Booking Platform | *React.js, LoopBack 4, MySQL, Razorpay* **2026**

- Developed a full-stack villa booking platform with real-time booking system and admin dashboard.
- Integrated Razorpay payment gateway for secure transactions and booking confirmation.
- Implemented authentication, booking management, and responsive UI.
- **Live Demo:** www.zvillas.in

Sabhasad Bishi Management System | *React.js, LoopBack 4, MySQL* **2026**

- Developed a management system to track monthly bishi payments, members, and records.
- Implemented features like payment tracking, monthly collection, and member dashboard.
- Integrated WhatsApp reminders for pending payments.
- Generated dynamic PDF reports for records and summaries.

Achievements

- Built and deployed real-world full-stack applications
- Successfully integrated payment gateways and admin dashboards
- Hands-on experience with production-level deployment
